PATENT

IN THE UNITED STATES PATENT AND TRADEMARK OFFICE

Serial No. 09/902,767

Confirmation No. 9584

In re application of:

Group Art Unit: 1661

Robert Noodelijk

Examiner: Ann Marie Grünberg

Filed: July 12, 2001

For: CHRYSANTHEMUM PLANT NAMED 'WHITE ELITE REAGAN'

REPLY TO REQUIREMENT FOR INFORMATION UNDER 37 CFR 1.105

Commissioner for Patents
P. O. Box 1450
Alexandria, Virginia 22313-1450

Sir:

Applicant replies to the Requirement for Information under 37 CFR 1.105 mailed May 25, 2005, as follows:

As to parts a) and b) of the requirement, enclosed is a copy of the 1999 version of the CBA catalog displaying 'WHITE ELITE REAGAN'. The variety is called 'REAGAN ELITE WHITE' in the enclosure. That catalog was first distributed in November 1998. Those pages are not a statutory disclosure of the invention. In re Le Grice, 133 USPQ 365 (CCPA 1962).

As to part c) of the requirement, the Examiner is informed that 'WHITE ELITE REAGAN' is registered in the Netherlands and at the CPVO. A Polish PBR registration also

Serial No.: 09/902,767

exists but this registration occurred at a time later than the denomination publication at the CPVO. The correct publication date of the denomination at the CPVO is August 17, 1998; see the enclosed copy of a pertinent June 23, 2005 letter from that agency to the Examiner. As noted in replies to 37 CFR 1.105 requirements in other cases owned by the instant assignee, one needs to have information regarding parentage of the plant in order to practice the invention. One is not given that information by the Dutch Office unless permission to do so is expressly given by the registrant, which permission CBA does not give.

As to part d) of the requirement, applicant respectfully submits that in order properly to reproduce a plant, one must have an awareness both of the parentage of the plant and a mode of propagation therefor. Here, both acts took place more than a year before the filing of the instant application in 2001. Applicant maintains, for the reasons given on pages 8 and 9 on the Brief on Appeal filed February 11, 2004, that the actions by the USPTO violate the UPOV convention.

Serial No.: 09/902,767

Allowance of the case is earnestly solicited.

Respectfully submitted,

STEPTOE & JOHNSON LLP

FROM OUR HEART...

As no other CBA knows that only the best is good enough that is why our constant search for new and succesful varieties involves more than simply applying the latest breeding techniques, the growers know-how and the opinion of traders and consumers are equally important. And of course, the

CBA offers a colourful and comprehensive range in the chrysanthemum market, internationally well-known names such as Remix, Refocus and Relight have been top successes for many years. The daisy-type Reagan has even become the standard in every colour. But also new disbuds such as Residence, spoony-types as Repulse

INTO YOUR HANDS.

dedication of our people who work with heart and soul on developing the chrysanthemums of tomorrow. CBA's carefully selected spray chrysanthemums, santinis, disbuds, potchrysanthemums and multifloras offer optimum yields to growers throughout the world. The guarantee for a colourful future. CBA. The art of breeding.

buds, potchrysanthemums and multifloras offer optimum yields to growers throughout the world. The guarantee for a colourful future. CBA. The art of breeding.

and potchrysanthemums as Tasman and Kompas have proved to be most successful. And this magnificent floral art is within easy reach of every grower!
